**VISEGRAD SCHOLARSHIP PROGRAM** Study in Central Europe

Why to study at a university in Central and Eastern Europe?
Many universities in Central and (South–)Eastern Europe have a long history and provide course programs in all disciplines partly or entirely taught in English. Studying in the region also has many other advantages including affordable living costs and a vibrant cultural life.

What are the advantages of a Visegrad scholarship?
Visegrad scholarships are available for undergraduate, postgraduate, PhD and postdoctoral students in all different disciplines. You can study in any language and study for up to four semesters. There is also no age limit, so you can apply even if you are already out of school.

Where can you study with our scholarship?
You can study at any accredited public or private higher-education institution (college, university, science academy, art academy) in the V4 region and/or in the countries of the Eastern Partnership or Western Balkans.

Are you eligible for a scholarship?
You have to be a citizen of one of the V4 countries and to have successfully completed at least four semesters of university studies at the time of applying for the scholarship.
