

# DEMO nano flow cytometer NanoAnalyzer

23.9.2025

Brno, Kamenice 5  
Masaryk University  
Faculty of Medicine  
Department of Pathophysiology  
Room 208, building A18

Demonstrations of the instrument for **EVs, LNPs, and viral particle** characterization by **NanoFCM** application specialist

## Measuring your samples will be possible

### Program:

- 09:30 – 09:45 Start
- 09:45 – 10:15 Theoretical presentation
- 10:15 – 11:00 Standard samples measurement
- 11:15 – 12:00 Lunch break
- 12:00 – 16:00 Measuring your samples

For an introduction to the device and its possible applications, please watch the webinar recording with an application specialist on QR code.
