10	Completeness of the methods description	A B C D E F
11	Quality of discussion	A B C D E F
12	Methodological difficulties for student (many demanding methods - A, little independent and demanding experimental work - E)	A B C D E F
Total overall grade suggested		A B C D E F

Conclusion: I recommend presented theses for defense: YES NO

The overall final evaluation will also consider the quality of a presentation (form, content, adherence to the time limit, responses to questions in discussion). The final grade is assigned by a commission.

Please attach short commentary, strong and weak points highlighted and ask questions in a separate sheet (100-150 words).
